

CEDAR SINAI PARK  
love. honor. respect.

June 14, 2011

Dear Colleague:

I am happy to write this letter of reference for Hunter Breedlove. Mr. Breedlove worked for us on a temporary basis filling in for our IT Director during a health-related absence. Hunter provided excellent service in the area of managing our Local Area Network. He was also able to provide technical support to many staff as they experienced hardware or software management problems.

Hunter's courtesy and good nature made him a pleasure to work with. His respect for the time limited nature of his position and for the incumbent he was providing support to was consistent. Most important of all, Mr. Breedlove's customer service mentality and good nature made him very easy to work with. We at Cedar Sinai Park would certainly welcome him back if a position occurred. We strongly recommend your consideration of him as a prospective employee. Thank you for your consideration.

Sincerely,

David H. Fuks, CEO  
Cedar Sinai Park
